<sup>1</sup>Skip-A-Pay will not be activated without \$39 participation fee (per loan); please be sure that a check is enclosed or that the funds are available in your account. You understand that the participation fee is an extra charge for skipping your payment and will not reduce your loan balance.

<sup>2</sup>If transferring the participation fee from your Regular Share Account, a charge may be assessed if the account falls below the required minimum balance.

**Important Note:** All accounts and loans must be in good standing. Loans that are past due and/or being repaid through a debt management program are not eligible. You may not skip the first payment of a new loan. Loan must be opened for at least 6 months to be eligible. Loans that have been modified or are being repaid through special payment arrangements may not be eligible based on internal qualifications. Finance charges will continue to accrue, which may affect the final payment date and the amount of your last payment. All other terms and conditions of your loan will remain the same. Contact Corporate America Family Credit Union for complete details.
